

ALLEN CAN'T SERVE

As Executor of John C. Latham's Will.

Surrogate Cohalan sustained yesterday the objections of Elsie Gaylord Latham, widow of John C. Latham, head of the stock exchange firm of Latham, Alexander & Co., to the issuing of letters testamentary on the estate to Harry Allen, a brother of Mr. Latham's first wife, on the ground that he was "not competent to serve by reason of dishonesty and improvidence." Allen was named as an executor in the will.

Allen admitted that while head of the cotton department of the firm just after Mr. Latham's death he gave a list of the customers to Stephen M. Weld & Co., with which firm he had a contract of engagement. Allen said he didn't know he was doing anything dishonest, and Surrogate Cohalan says that a man who does not know that such conduct is dishonest is not fit to serve as an executor "because he might unwittingly misappropriate the funds of the estate under the impression that he was acting honestly in so doing."—New York Sun.

JUDGE WISE

BUSINESS PHILOSOPHER

"Man wants but little here below—The sentence causes mirth, For there are many men we know Who seem to want the earth," says Judge Wise, "but every good Hopkinsville citizen should be satisfied with that \$80,000 Public Building Uncle Sam is going to give us."

BRIDE EARNS

Six Hundred Dollars by Dancing on Wedding Night.

Madison, Ill., April 30.—Mrs. Joseph Barry, a bride, made \$600 by dancing last night.

Miss Antonia Ropozah, twenty-three years old, was married to Joseph Barry, twenty-six, yesterday morning in Venice, Ill.; they returned to East Madison, and at night the festivities began.

According to a Polish custom, every man present is expected to dance around the room with the bride and to hurl a silver dollar at a china plate. If he breaks the plate he may dance again. In any event, the bride keeps the money. When the proceeds were counted at daylight the bride had six hundred silver dollars. As some plates were broken, she must have danced more than 600 times.

Home Cure For Eczema.

Does it not seem strange that so many people suffer year in and year out with eczema?

A 25 cent bottle of a simple wash stops the itch and will surely convince any patient.

This wash is composed of mild and soothing oil of wintergreen mixed with thymol and glycerine, etc., and known as D. D. D. Prescription. We do not know how long the D. D. D. Laboratories will continue the 25 cent offer, as the remedy is regularly sold only in \$1.00 bottles and has never before been put on the market on any special offers.

If you want relief to night try a bottle at 25 cents on our personal recommendation.

KNOCK OUT BLOW

For the Whisky Element in Trigg County.

Cadiz, Ky., April 30.—After the fourth attempt to get a hearing, the petition filed by the whisky people of Trigg county on the second Monday in February was finally disposed of yesterday in the Trigg county Court by the withdrawal of the petition by the whisky people after an unsuccessful attempt to substantiate said petition. The prohibitionists fought this petition upon the grounds that in at least one of the precincts of the county the names were secured on the petition through misrepresentation, and that at least twelve of the parties whose names were on the petition did not sign it at all.

A petition was filed here last fall by the whisky people asking for an election upon this question in the city of Cadiz, but as Cadiz is a fifth-class town, Judge Bingham overruled the petition.

Trigg county voted against open saloons three years ago last September.

POOR CENSUS WORK

Mayor of Paris Appoints Citizens to Make House-to-House Canvass.

Paris, Ky., April 29.—Petitions were presented to the City Council from a large number of citizens complaining of the laxity shown by the Government census enumerators. The Council empowered the Mayor to appoint reliable citizens to make a house to house canvass of the city and report all omissions made by the enumerators. It has been a source of general complaint that the census work here has been very indifferently done.

ORDER REMOVAL

Of Cumberland Phones When Rates Are Raised.

Shelbyville, Ky., April 30.—A movement on the part of the business men of Shelbyville to get down to a single telephone system, which was precipitated more than a month ago by the Cumberland Telephone & Telegraph Co., by an order to arbitrarily raise its monthly rates on business

phones, reached its climax tonight when eighty-four merchants notified the Cumberland company to remove the telephones from their places of business on and after this day. This will leave only four or five Cumberland phones in business houses in the business section of the city, two of which are banks.

The local medical society also adopted a resolution favoring a similar action, but two of the members have so far declined to act with the majority and the doctors will retain

their phones until an agreement is reached.
